

MICHAEL P. MOORE, Ph.D.

Department of Integrative Biology
University of Colorado Denver
Denver, CO 80217

Website: <http://www.moore-evo-eco.weebly.com>

Institutional Email: michael.p.moore@ucdenver.edu

Alternative Email: moore.evo.eco@gmail.com

APPOINTMENTS

2022 – Present	Assistant Professor	Department of Integrative Biology University of Colorado Denver
2019 – 2022	Biodiversity Post-Doctoral Fellow	Living Earth Collaborative Washington University in St. Louis

EDUCATION

2019	Ph.D. Biology	Case Western Reserve University
2014	M.S. Watershed Science	Murray State University
2011	B.S. Biology <i>Cum Laude</i>	Gonzaga University

PEER-REVIEWED PUBLICATIONS (29 total, 19 first author, 2 senior author)

Bold font – CU Denver Lab Member. § - equal contribution. 1 - high-school student. 2 – undergraduate or post-bac student. 3 – graduate student. ‡ - corresponding, but not first, author.

*Links to representative media coverage below

- 2024 **Moore MP, Nalley S³, and Hamadah D²**. 2024. An evolutionary innovation for mating facilitates ecological niche expansion and buffers species against climate change. *Proceedings of the National Academy of Sciences* 121(10): e2313371121.
* Article chosen to be one of the issue's featured articles – <https://www.pnas.org/doi/10.1073/iti1024121>
* Research highlighted by *Nature Climate Change* - <https://rdcu.be/dEOL0>
* Research featured in ScienceNews, YahooNews, and Phys.org
- 2023 Stroud JT, **Moore MP**, Langerhans RB, and Losos JB. 2023. Fluctuating selection maintains distinct species phenotypes in an ecological community in the wild. *Proceedings of the National Academy of Sciences* 120(42): e2222071120.

* Research highlighted by Scientific American, Quanta Magazine, Science Daily, and Phys.org
* Selected as the Cover Story

- 2023 **Moore MP, Shaich J²**, and Stroud JT. 2023. Upslope migration is slower in insects that depend on metabolically demanding flight. *Nature Climate Change* 13: 1063-1066
* Research highlighted by Colorado Public Radio, Colorado Sun, KUSA Denver, the Daily Kos, the iNaturalist blog, Phys.org
- 2023 Martin RA, da Silva CRB, **Moore MP**, and Diamond SE. 2023. When will a changing climate outpace adaptive evolution? *WIREs Climate Change* 14(6): e852.
- 2023 **Moore MP** and **Khan F²**. 2023. Relatively large wings facilitate life at high elevations among Nearctic Dragonflies. *Journal of Animal Ecology* 92: 1613-1621.
- 2023 **Moore MP**. 2023. Ornamented species incur higher male mortality in the larval stage. *Biology Letters* 19: 20230108.
- 2023 Hersch K² and **Moore MP[‡]**. 2023. Ornamentation diversified faster than eco-morphology across Nearctic dragonflies. *Biological Journal of the Linnean Society* 139(1): 70-78.
- 2022 Leith NT, Fowler-Finn KD, and **Moore MP**. 2022. Evolutionary interactions between thermal ecology and sexual selection. *Ecology Letters* 25(9): 1919-1936.
* Research highlighted by The Washington Post, Fast Company, and The Wildlife Society Newsletter
- 2021 **Moore MP**, Hersch K², Sricharoen C², Lee S², Reice C², Rice P², Kronick S², Medley KA, and Fowler-Finn KD. 2021. Sex-specific ornament evolution is a consistent feature of climatic adaptation across space and time in dragonflies. *Proceedings of the National Academy of Sciences* 118(28): e2101458118.
* Article chosen to be one of the issue's featured articles - <https://www.pnas.org/content/118/28/eiti2821118>
* Research highlighted by *Nature Climate Change* – <https://rdcu.be/cvMaF>
* Press coverage by The Washington Post, CNN, The Guardian, The Hill, Environment & Energy News, Smithsonian Magazine, St. Louis Post-Dispatch, The Times of India, Natural History Magazine, New Scientist, Science News, and many other outlets
* Interviewed on public radio (KWMU – St. Louis) and the “Weather or Not” Podcast (WSVN – Miami)
* Adapted for K-12 classrooms by *Science Journal for Kids* - https://sciencejournalforkids.org/wp-content/uploads/2021/10/dragonfly_article.pdf
- 2021 **Moore MP**. 2021. Larval habitats impose trait-dependent limits on the direction and rate of adult evolution in dragonflies. *Biology Letters* 17(5): 20210023.
- 2021 **Moore MP** and Martin RA. 2021. Natural selection on adults has trait-dependent consequences for juvenile evolution in dragonflies. *The American Naturalist* 197(6): 677-689.
- 2021 Leith NT, Macchiano AT, **Moore MP**, and Fowler-Finn KD. 2021. Temperature impacts all behavioral interactions during insect and arachnid reproduction. *Current Opinions in Insect Science* 45: 106-114

- 2020 **Moore MP**, Pechmann JHK, and Whiteman HH. 2020. Relative size underlies alternative morph development in a salamander. *Oecologia* 193(4): 879-888.
- 2020 Lis C¹, **Moore MP**[‡], and Martin RA. 2020. Warm development temperatures induce non-adaptive plasticity in the intrasexually selected colouration of a dragonfly. *Ecological Entomology* 45: 663-670.
- 2019 **Moore MP** and Martin RA. 2019. On the evolution of carry-over effects. *Journal of Animal Ecology* 88(12): 1832-1844.
 * Finalist for the Sidnie Manton Award – A biennial competition for the best review paper by an early career researcher in *Journal of Animal Ecology*
- 2019 **Moore MP**, Whiteman HH, and Martin RA. 2019. A mother's legacy: the strength of maternal effects in animal populations. *Ecology Letters* 22(10): 1620-1628.
- 2019 Lackey ACR, **Moore MP**, Doyle J, Gerlanc N, Hagan A, Geile M, Eden C, and Whiteman HH. 2019. Lifetime fitness, sex-specific life history, and the maintenance of a polyphenism. *The American Naturalist* 194(2): 230-245.
- 2019 Khazan ES, Verstraaten T, **Moore MP**, and Dugas MB[‡]. 2019. Nursery crowding does not influence offspring, but might influence parental, fitness in a phytotelm-breeding frog. *Behavioral Ecology and Sociobiology* 73: 33.
- 2019 **Moore MP**, Lis C¹, Gherghel I, and Martin RA. 2019. Temperature shapes the costs, benefits, and geographic diversification of sexual coloration in a dragonfly. *Ecology Letters* 22(3): 437-446.
 * Press coverage by MSN, the Daily Kos, ScienceDaily, the iNaturalist blog, Amore a Quattro Zampe (Italian), and several other outlets
 * CWRU Department of Biology Outstanding Paper Award – 2nd Place – 2019
 * Highlighted as an exciting new use of iNaturalist data on the citizen-science SciStarter Podcast (~26 minute mark)
- 2018 **Moore MP**, Lis C¹, and Martin RA. 2018. Immune deployment increases larval vulnerability to predators and inhibits adult life-history traits in a dragonfly. *Journal of Evolutionary Biology* 31(9): 1365-1376.
- 2018 **Moore MP** and Martin RA. 2018. Trade-offs between larval survival and adult ornament development depend on predator regime in a dragonfly. *Oecologia* 188(1): 97-106.
- 2018 **Moore MP**, Lis C¹, and Martin RA. 2018. Larval body condition regulates predator-induced life-history variation in a dragonfly. *Ecology* 99(1): 224-230.
 * CWRU Department of Biology Outstanding Paper Award – Honorable Mention – 2018
- 2016 **Moore MP** and Martin RA. 2016. Intrasexual selection favours an immune-correlated colour ornament in a dragonfly. *Journal of Evolutionary Biology* 29(11): 2256-2265.
- 2016 Dugas MB[§], **Moore MP**[§], Martin RA, Richards-Zawacki CL, and Sprehn CG. 2016. The pay-offs of maternal care increase as offspring develop, favouring extended provisioning in an egg-feeding frog. *Journal of Evolutionary Biology*. 29(10): 1977-1985.

- 2016 **Moore MP** and Whiteman HH. 2016. Natal philopatry varies with larval condition in salamanders. *Behavioral Ecology and Sociobiology*. 70(8): 1247-1255.
- 2016 **Moore MP**, Riesch R, and Martin RA. 2016. The predictability and magnitude of life-history divergence to ecological agents of selection: a meta-analysis in livebearing fishes. *Ecology Letters* 19(4): 435-442.
* CWRU Department of Biology Outstanding Paper Award – 1st Place – 2016
- 2015 **Moore MP**, Landberg T, and Whiteman HH. 2015. Maternal investment mediates offspring life history variation with context-dependent fitness consequences. *Ecology* 96(9): 2499-2509.
* Research highlighted at Phys.org
- 2015 Dugas MB, **Moore MP**, Wamelink CN, Richards-Zawaki CL, and Martin RA. 2015. An experimental test for age-related improvements in reproductive performance in a frog that cares for its young. *The Science of Nature* 102: 48.
- 2012 **Moore MP**, Burt CR, Whitney TD, Hastings SA, and Chang GC[‡]. 2012. Does social feeding improve larval survival of the two-spotted lady beetle, *Adalia bipunctata*? *Journal of Insect Science* 12: 101.

MANUSCRIPTS IN REVIEW

(available upon request)

Moore MP[§], Leith NT[§], Fowler-Finn K, and Medley KA. Human-modified habitats imperil ornamented dragonflies less than their non-ornamented counterparts at local, regional, and continental scales. *In Revision at Ecology Letters*.

Nalley SE³ and **Moore MP**. Mass mating events in Colorado and Wyoming wildfire perimeters of *Sympetrum* dragonflies. *In Review*.

OTHER PUBLICATIONS

- 2023 **Moore MP** and Stroud JT. 2023. Lizards, fish, and other species are evolving with climate change, but not fast enough. *The Conversation*. <https://theconversation.com/lizards-fish-and-other-species-are-evolving-with-climate-change-but-not-fast-enough-215222>
* re-published in YahooNews, Seattle Post-Intelligencer, and Idaho Press
- 2021 **Moore MP**, Hersch K, Sricharoen C, Lee S, Reice C, Rice P, Kronick S, Medley KA, and Fowler-Finn KD. 2021. How will dragonflies adapt to a warmer Earth? *Environmental Science Journal for Teens*. https://sciencejournalforkids.org/wp-content/uploads/2021/10/dragonfly_article.pdf
- 2021 **Moore MP**. 2021. Human activity imperils one of the Earth's great survivalists: dragonflies. *The Hill (Opinion)*. <https://thehill.com/opinion/energy-environment/562526-human-activity-imperils-one-of-the-earths-great-survivalists>

2020 **Moore MP.** 2020. There are no second acts in the lives of animals. *Animal Ecology in Focus*.
<https://animalecologyinfocus.com/2020/04/17/there-are-no-second-acts-in-animal-life-cycles/>

GRANTS

Pending

2023 NSF OD/OIA – Mid-scale Research Infrastructure-2 (total \$69,000,000)
Title: Microsystems Foundry for Unlocking Scientific Exploration (MicroFUSE)
Senior Personnel: Subaward \$397,344 to MPM

Awarded **Total = \$342,119**

2023 CU Denver ORS All-Discipline Seed Grant (\$9,372)

2019-2022 Living Earth Collaborative – Biodiversity Post-Doctoral Fellowship
(salary & research budget \$183,000)

2019-2021 University of Arizona – G.G. Simpson Post-Doctoral Fellowship
(salary & research budget \$105,318; *Offer Declined*)

2018 Oglebay Grant Award (\$1,500)

2017-2018 GAANN Fellowship (\$22,000)

2017 Theodore Roosevelt Memorial Fund Award (\$2,000)

2017 Oglebay Grant Award (\$1,429)

2014 Watershed Research Grant (\$1,000)

2013 Watershed Research Grant (\$1,200)

2012-2014 Murray State University Innovation Research Assistantship (\$15,300)

AWARDS & HONORS

2020 Sidnie Manton Award Finalist from *Journal of Animal Ecology*

2019 CWRU Department of Biology Outstanding Paper Award – 2nd Place

2018 CWRU Department of Biology Outstanding Paper Award – Honorable Mention

2017 Joanne Westin Distinguished Graduate Student Teaching Award

2016 CWRU Department of Biology Outstanding Paper Award – 1st Place

2015 Murray State University Libraries #RacerScholars of the Week (Oct. 6)

MENTORSHIP AND TEACHING

Graduate Students

2023-Present Sarah Nalley University of Colorado Denver
PhD Thesis Topic: The physiological impact of wildfires on mating dynamics

Post-Doctoral Research Associates

2024-Present Dr. Allison Pierce University of Colorado Denver
Topic: Metabolic and life-history adaptations to high elevations among dragonflies

2023-2024 Dr. Shel McCain University of Colorado Denver
Topic: Aerobic responses to high-elevation life in dragonflies
Current Position: Post-doctoral research associate at National Jewish Health, Denver, CO

Graduate Thesis Committees

2023-Present Ali Alghamdi University of Colorado Denver
PhD Topic: Forest restoration in arid environments

2023-Present Jasmine Vidrio University of Colorado Denver
MS Thesis Topic: Plasticity & thermal stress in Drosophila

2023-Present Francis Anaya University of Colorado Denver
MS Thesis Topic: Post-wildfire forest dynamics at high elevations

2023-Present Goran Shikak University of Colorado Denver
MS Thesis Topic: Diversification of Chihuahan Solfugidae

2022-Present Audrey Spencer University of Colorado Denver
PhD Thesis Topic: Evolution and biogeography of Rosaceae shrubs

2022-Present Michelle Levin-Deprenger University of Colorado Denver
PhD Thesis Topic: Life-history and restoration of rare plants

2022-Present Alex Moss University of Colorado Denver
PhD Thesis Topic: Behavioral Ecology of Pavement Ants

2022-Present Comonla Acakpo University of Colorado Denver
Masters Thesis Topic: Biomechanical constraints on sexual signals in stalk-eyed flies

2022-Present Erin Estes Illinois State University
Masters Thesis Topic: Signaling & resource allocation within bird nests

2020-Present Karissa Coffield Murray State University
Masters Thesis Topic: Adaptive plasticity of coloration in response to environmental change

Undergraduate & High-School Student Mentorship

(1 – high-school student; 2 – undergraduate student)

2023-Present Jami Helmig² University of Colorado Denver
Project: Behavioral thermoregulation in the aftermath of a wildfire

2023-Present Rafael Rotenbakh² University of Colorado Denver
Project: Behavioral thermoregulation in the aftermath of a wildfire

2023-Present	Alison Kraskovsky ² <i>Project: Sex differences in the physiological adaptations of dragonflies</i>	University of Colorado Denver
2023-Present	Kaylee Patton ² <i>Project: Measuring phenotypic responses to wildfires with iNaturalist observations</i>	University of Colorado Denver
2023-Present	Christopher Thompson ² <i>Project: Measuring phenotypic responses to wildfires with iNaturalist observations</i>	University of Colorado Denver
2023-Present	Berenice Nguyen ² <i>Project: Morphological variation across elevation gradients in Colorado Dragonflies</i>	University of Colorado Denver
2023-Present	Angela Na ² <i>Project: Measuring metabolic constraints on upslope migration</i>	University of Colorado Denver
2023	Colette Bennet ¹ <i>Project: Using citizen science to study phenotypic shifts following a wildfire</i>	Chatfield High School
2022-Present	Dalal Hamadah ² <i>Project: Does desiccation drive the origins & maintenance of a sexual structure?</i>	University of Colorado Denver
2022-2023	Faiza Khan ² <i>Project: Morphological constraints of high elevation life in dragonflies</i>	University of Colorado Denver
2022-Present	Jesse Shaich ² <i>Project: Aerobic constraints on upslope migration in insects</i>	University of Colorado Denver
2019-2021	Kaitlyn Hersch ² <i>Honor's Thesis: Ornaments evolved faster than eco-morphological traits among dragonflies</i> <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2021	Paul Rice ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2020-2021	Saanya Sharma ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2021	Chanont Sricharoen ² <i>Project: Using citizen science to unravel the origins of a reproductive innovation</i> <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2021	Caitlin Reice ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2021	Sarah Lee ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2021	Sophie Kronick ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2020	Isabelle Ciaverelli ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019-2020	Francis Serrano ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis
2019	Jonah Bernstein ² <i>Project: Using citizen science to study climatic adaptation in dragonflies</i>	Washington University in St. Louis

2016-2019	Cassandra Lis ¹ <i>Senior Thesis: Rearing temperature and sexually selected color in dragonflies</i> <i>Project: Thermal effects of sexually selected color in dragonflies</i> <i>Project: Fitness costs of immune deployment in dragonflies</i> <i>Project: Predator-induced life-history variation in dragonflies</i>	Hathaway Brown School
	* watch Cassandra on the local news: www.wkyc.com/video/home/cassandra-lis-farah-sayed-hathaway-browns-science-research-engineering-program-srep-101118/95-8278838	
2018	Christian Prechtl ² <i>Project: Predator-mediated selection on a male weapon in fairy shrimp</i>	Case Western Reserve University
2018	Kayla Harris ² <i>Honor's Thesis: Carotenoid-mediated maternal effects in fire-bellied toads</i>	Case Western Reserve University
2016	Andrew Wiecek ² <i>Project: Adaptive decoupling and evolutionary trade-offs in dragonflies</i>	Case Western Reserve University
2016	Lindsey Robinson ² <i>Project: Ontogenetic conflict over sexually selected coloration in dragonflies</i>	Case Western Reserve University
2015	Jared Larson ² <i>Project: Fitness costs of immune deployment in dragonflies</i>	Case Western Reserve University
2012	Katie Mount ² <i>Project: Maternal effects and adult life-history variation in salamanders</i>	Murray State University
2012	Emily Clouse ² <i>Project: Maternal effects and adult life-history variation in salamanders</i>	Murray State University

Instructor of Record

2024	Biological Research Workshop	University of Colorado Denver
2023	Human Physiology	University of Colorado Denver
2023	Synthetic Methods in Global Change Biology	University of Colorado Denver
2023	Integrative Biology Seminar	University of Colorado Denver
2022	Human Physiology	University of Colorado Denver
2022	Integrative Biology Seminar	University of Colorado Denver

Graduate Teaching

2018	Quantitative Biology	Case Western Reserve University
2017	Ecophysiology of Global Change	Case Western Reserve University
2017	Quantitative Biology	Case Western Reserve University
2016	Ecophysiology of Global Change	Case Western Reserve University
2016	Quantitative Biology	Case Western Reserve University
2015	Genes, Ecology, and Evolution	Case Western Reserve University

2014	Genes, Ecology, and Evolution	Case Western Reserve University
2012	Ecology	Murray State University

Guest Lectures

2024	“Mating & sexual selection in changing world”	Western Colorado University
2021	“Adaptation in a changing world”	Saint Louis University
2020	“Sexual Selection”	Saint Louis University
2020	“Mating Systems”	Saint Louis University
2020	“Evolution of reproductive modes”	Saint Louis University
2019	“Sexual vs Natural Selection”	Saint Louis University
2018	“Sexual Selection”	Case Western Reserve University
2018	“Multi-level models”	Case Western Reserve University
2017	“Writing an introduction and discussion”	Case Western Reserve University
2017	“Multi-level models”	Case Western Reserve University
2017	“Evolutionary responses to global change”	Case Western Reserve University
2013	“Reptiles and amphibians”	Murray State University
2012	“Amphibian life-history variation”	Murray State University

Other Teaching Experience

2007-2011	Substitute Teacher	Weare Middle School, Weare, NH 03281

KEYNOTE ADDRESSES, INVITED SEMINARS, & PRESENTATIONS

(‡ -denotes upcoming seminar or presentation)

Keynote Addresses & Invited Panel Discussions

- 2021 American Philosophical Society Invited Panelist
“The promise of citizen science”
 * Watch: <https://youtu.be/NEf3nAqXMxw>
- 2020 Hefner Museum of Natural History 46th Annual Lecture
“How your iNaturalist observations are supercharging evolutionary biology”
 * Flyer: <https://www.miamioh.edu/cas/about/news/2020/10/hefner-lecture.html>
 * Watch: https://youtu.be/9_jjU4HITik
- 2019 Ohio Odonate Conference Keynote Address
“Too hot to trot? Climate & color adaptation in dragonflies”
 * Flyer: <https://u.osu.edu/ohiodonatasurvey/2019/02/>

Invited Seminars

- 2024 University of California – Davis
- 2023 University of Denver
- 2023 University of Colorado – Colorado Springs
- 2023 University of Mississippi
- 2022 Southern Illinois University – Edwardsville
- 2022 University of Colorado – Denver
- 2022 George Washington University
- 2022 University of California – Santa Cruz
- 2022 Texas A&M University

2022 University of Illinois – Urbana-Champaign
 2022 University of Dayton
 2021 Towson University
 2021 Oakland University
 2021 Eawag
 2021 University of North Carolina – Chapel Hill
 2021 Eastern Michigan University
 2020 Miami (OH) University
 2020 Murray State University
 2020 Tyson Research Center
 * watch replay here: <https://youtu.be/nH5MfjPglr4>
 2019 Saint Louis University
 2019 Washington University in St. Louis
 2019 John Carroll University
 2018 Case Western Reserve University
 2018 University of California – Davis

Research Conferences

2024	Society for Integrative and Comparative Biology	Oral Presentation
2022	Guild of Rocky Mountain Ecologists & Evolutionary Biologists	Poster Presentation
2022	Society for the Study of Evolution	Oral Presentation
2022	Society for Integrative and Comparative Biology	Oral Presentation
2022	Society for Integrative and Comparative Biology	Poster Presentation
2019	Society for the Study of Evolution	Oral Presentation
2019	Society for the Study of Evolution	Poster Presentation
2018	American Society of Naturalists	Oral Presentation
2017	Society of Integrative & Comparative Biology	Oral Presentation
2015	Ecological Society of America	Oral Presentation
2014	Ecological Society of America	Oral Presentation
2014	Southeastern Ecology & Evolution Conference	Oral Presentation
2013	Ecological Society of America	Poster Presentation

2013	Society for Study of Evolution	Poster Presentation
2013	Midwestern Ecology & Evolution Conference	Oral Presentation
2012	Southeastern Population Ecology & Evolutionary Genetics	Oral Presentation
2010	Murdock College Science Research Conference	Poster Presentation

Institutional Symposia

2015	CWRU Biology Graduate Research Symposium	Oral Presentation
2014	Watershed Science Research Symposium	Oral Presentation
2013	Watershed Science Research Symposium	Oral Presentation
2012	Watershed Science Research Symposium	Oral Presentation

SERVICE & OUTREACH

Service

2023-Present	Associate Editor	Functional Ecology
2023-Present	Guest Editor for Special Issue	Frontiers in Ethology
2022-Present	Member – Graduate Advisory Committee	University of Colorado Denver
2020-2022	Organizer – Graduate Student Research Grant	Washington University in St. Louis
2021	Search Committee – LEC Post-doctoral Fellowship	Washington University in St. Louis
2021	Organizer – Panel on Demystifying Grad School	Tyson Research Center
2020-2021	Organizer – EEPB Seminar Series * Watch Fall 2020 here: https://www.youtube.com/playlist?list=PL1qK1_d1g_fvPujjUho_UzP-Ffh_OWSTF * Watch Spring 2021 here: https://www.youtube.com/playlist?list=PL1qK1_d1g_fsPTgVbdz7PnJ30OZGjh888	Washington University in St. Louis
2021	Co-organizer – Panel on Environmental Justice * Watch here: https://youtu.be/820MDO8iHoM	Washington University in St. Louis
2020-2021	Organizer – LEC Summer Activities	Washington University in St. Louis
2020	Organizer – Biodiversity Summer Seminar Series * Watch here: https://www.youtube.com/playlist?list=PL1qK1_d1g_fuWvNVI4D9zjuEgX7WTCm0	Washington University in St. Louis
2019	Search Committee – LEC Post-doctoral Fellowship	Washington University in St. Louis
2017	Organizer – Graduate Research Symposium	Case Western Reserve University

2017	Organizer – Graduate Student-Invited Speaker	Case Western Reserve University
2012-2014	Organizer – Graduate Student Journal Club	Murray State University

Outreach

2023	Presenter – Migratory Bird Event	Waneka Lake
2021	Author – Adapted article for K-12 classrooms * View here: https://sciencejournalforkids.org/wp-content/uploads/2021/10/dragonfly_article.pdf	<i>Science Journal for Kids</i>
2021	Visiting Professional Presentation	Tyson Research Center
2020	Panelist – Career Panel	Tyson Research Center
2020	Presenter – Lunch & Learn Discussion	Tyson Research Center
2020	Panelist – Career Panel	Tyson Research Center
2019	Presenter – STEAM Night	Bristol Elementary School
2017	Exhibitor – Think and Drink with the Extinct	Cleveland Museum of Natural History
2014	Presenter – Herpetological Society	Murray State University
2013	Presenter – AP Biology Trip	Hancock Biological Station
2013	Presenter – 5 th Grade Science	Weare, NH Middle School
2012	Presenter – 5 th Grade Science	Weare, NH Middle School

OTHER PROFESSIONAL ACTIVITIES

Working Groups

2015	“Costs of phenotypic plasticity and adaptation to novel environments”. National Evolutionary Synthesis Center. Feb. 22-24.
------	--

Workshops

2023-2024	“Faculty Grants Academy”. University of Colorado Denver Office of Research Services. 2022-2023 Academic Year.
2020	“Understanding and Analyzing Systematic Racism”. Crossroads Antiracism Organizing & Training. St. Louis, MO USA. Feb. 26-28.
2019	“Get ahead of the game: writing effective proposals”. Dr. Saran Twombly, NSF DEB program director. Saint Louis University. Dec. 13.
